PROFESSIONAL SUMMARY

Full Stack Developer skilled in designing and developing scalable web applications using **HTML, CSS, JavaScript, React, Node.js, MongoDB, and Firebase**. Experienced in building responsive front-end interfaces and robust back-end systems. Knowledgeable in **Android (Java)** and **React Native** for cross-platform mobile development. Strong problem-solving, collaboration, and quick-learning abilities with a focus on delivering efficient, user-centric solutions.

EDUCATION

Masai – Software Development (MERN Full-Stack)

Feb 2025 - Present

Priyadarshini J.L. College of Engineering, Nagpur

June 2020 – June 2024

Bachelor of Engineering in Computer Science and Engineering

SKILLS

Frontend : HTML, CSS, Tailwind CSS, JavaScript, React.js, Redux, Java, React Native.
Backend : Node.js, Express.js, MongoDB, RESTful APIs, Firebase.
Tools : Git, GitHub, Postman, Vercel, Netlify, Notion, VS Code.
Language : JavaScript, Java.
Other : Data Structures & Algorithms, Analytical Skill.
Soft skills : Communication, Problem Solving, Team Collaboration, Critical Thinking.

PROJECTS

PraskoEMS – Employee Management System

Android (Java), Firebase

- Built a mobile app for employees to **check in, check out, and track work hours, break times, and attendance**.
- Integrated **Firebase Authentication (Gmail sign-in)** for secure access and role-based management.
- Designed an **admin dashboard** where managers can view all employees' attendance and activity data.
- Implemented **real-time location tracking** during check-in and check-out for improved accountability.
- Utilized **Firebase Firestore** to store and sync attendance records seamlessly across devices.

Memory Lane Personal ([GitHub](#) / [Deployed](#))

HTML, CSS, JavaScript, Firebase

- Developed a personal web app for **storing and organizing memories with photos, notes, and tags**.
- Implemented **Firebase Authentication and Firestore** for secure login and real-time data management.
- Added features like **memory timeline, albums, and sharing options** to enhance user experience.
- Designed a **responsive and user-friendly interface** with smooth navigation.

Pet Care App ([GitHub](#) / [Deployed](#))

React.js, Firebase, JavaScript, CSS

- Built a web application to help pet owners **manage pet health, feeding schedules, and appointments**.
- Integrated **Firebase Authentication and Firestore** for secure login and real-time data storage.
- Implemented features like **reminders for vaccinations, feeding times, and vet visits**, along with **pet wellness tracking**.

EXPERIENCE

PRASKO Nagpur

05 Feb 2024 - 30 July2024

Software Engineer Intern

- Gained hands-on experience in **Java programming** and **Android application development** through structured training and real-world projects.
- Contributed to the design and development of Android apps, focusing on **UI design, activity lifecycle, Firebase integration, and API handling**.
- Collaborated with senior developers to **debug, test, and optimize mobile applications** for better performance and user experience.
- Strengthened problem-solving and software engineering skills by working on **end-to-end mobile development workflows**.

CERTIFICATION

PRASKO Nagpur ([Link](#))

Feb 2024 - July2024

- Software Engineer Intern
